VisAbility

As a leading provider of disability services specialising in vision loss, we focus on achieving outcomes, promoting independence and improving each person's quality of life. Our services are state-wide and include the following:

Gateway Services

Our Gateway team will provide planning and ongoing support every step of the way. Service Coordinators work with family members, employers, Local Area Coordinators and other agencies to ensure people receive individualised services that meet their needs.

Assistive Technology and Specialised Aids

VisAbility's assistive technology and specialised aids can help individuals manage and be independent at home, school, work and in the community. We provide demonstrations, assessment and training in a range of assistive technology, daily living and mobility solutions.

Therapy for Adults

At VisAbility we work with individuals to increase their confidence and independence in day-to-day activities. Individuals will have access to highly skilled professionals in optometry, orthoptics, occupational therapy, social work, and orientation and mobility and acquired brain injury services.

Therapy for Children and Youth

VisAbility's therapy services support children and youth with disability aged 0-18 years at home, school, in the community or by video-conferencing. Specialising in vision impairment, our services include physiotherapy, occupational therapy, speech therapy, psychologists, social work, specialised aids and equipment and our playgroup and holiday programs.

Guide Dogs WA

As West Australia's primary provider of Guide Dogs, we provide freedom and independence to people with vision impairment through this life-changing gift. Companion and Therapy dogs are also provided to adults and children with special needs.

Leisure, Sport and Recreation

VisAbility offers group programs, creating opportunities for individuals with vision impairment to socialise and get involved in activities to improve their health and wellbeing. Our Library Service provides access to a wide range of talking books and Braille.

Employment

VisAbility provides assessments of work environments and access to assistive technology support and training, to enable improved performance in the workplace. VisAbility also offers the On 2 Employment program (Perth-based only) which works with employers to create sustainable employment opportunities for people with vision impairment.
